VOL. LIX.-NO. 65.

NEW YORK, WEDNESDAY, NOVEMBER 4, 1891.

MR. PLOWER IS ELECTED

And So are Mr. Sheehan and Mr. Boody of Brooklyn.

THE PLURALITY ABOUT 40,000. The Democrats Have the Legislature

MASSACHUSETTS IS DEMOCRATIC

by a Good Majority.

And Iowa Again Rolls Up a Democratic Victory.

McKINLEY ELECTED IN OHIO.

Pennsylvania Sticks to the Republican Column by a Fair Majority.

How large Mr. Flower's majority in New York State will be is indicated in the table which we print in another column. His own estimate of his majority, made ust after midnight, was 25,000. It was a clean sweep all through the State for the Democratic party New York city alone failed to fulfil the hopes of the most enthusiastic Democrats, its majority falling far below that given for Gov. Hill in 1888. Yet it is more han Mr. Cleveland received in that same year Mr. Sheehan and the entire Democratic State

ticket are elected with Mr. Flower. There was some cutting of Mr. Sheehan in New York and in Eric counties, as well as in other places, but not spough to prevent his election. All the talk about Democratic disaffection in

kings county seems to have been idle. The Democrats there did their duty nobly, and the welt is a majority larger than conservative Democrats had hoped for-much larger than that given for Mr. Cleveland, and right up longside that given for Gov. Hill.

Brooklyn, too, elects its Mayor by a very andsome majority, and makes a clean sweep sits local ticket. The Dutch did not capture Holland with Mr. Meyer.

close. At 1 o'clock this morning the Demo eats were claiming the election of their Govemor by a small majority. The Republicans also claim the State, urging that the gains in the rural districts will overcome the big majority which Boston city has given for Gov. Bassell.

The chances are all in favor of Mr. Russell's reclection.

In Ohio McKinley has triumphed. although not by so large a majority as the Republicans have been claiming. It will be somewhere beween 10,000 and 15,000 probably.

Pennsylvania goes Republican by between 0.000 and 50.000, the high personal character of the Republican candidates for Auditor-General and State Treasurer, Gregg and Morrison, having the effect of reuniting the tarty, despite the disclosures of Republican dishonesty. There was Democratic disaffection also, owing to the pronounced attempts of the Cleveland wing to control the party, to the exclusion of all others.

In Philadelphia the Bardsley disclosures had little effect upon the Republican majority. Wright, Dem., Gov. Pattison's appointee as Sardsley's successor, being benten by 20,000 by Geo. D. McCreary, a Republican of Mugwump tendencies and of unscrupulous integrity. There was also Democratic disaffection in the city. In Iowa the Democratic majority will doubt-

ess exceed 10,000. The Democratic strongholds along the river have increased the phecomenal majorities given to Gov. Boles two years ago. The vote is the largest over cast b the State. By the fusion of Republicans and Demo

crats in Nebraska the Farmers' Alliance has been overwhelmingly defeated. Their vote said to have disappeared almost entirely. la Maryland the Democrats are victorious by their usual large majority.

The light for the Legislature throughout New York State was very sharp, but a majority se joins bailet of six or eight is assured to the

Mayor Chapin was elected to Congress to second Mr. Boody. who resigned to become the Democratio candidate for Mayor of

Brooklyn. Burralo, Nov. 3 .- Noarly a full vote was solled to-day in this city. The west side telled Sheehan in every election district. The Itee Masons. Democrats and Republicans. toted almost to a man for Vrooman. This, wided with the feeling created by the anteaucus fight, worked against Shoehan, and lets were made that he would run 2,000 bekind in Eric county. The Democrats had the lest workers at the polls and succeeded in getbe out most of their voters. The Republiand however, used their money lavishly and wery little by stayaways. A score of sallors

from Detroit were arrested for illegal voting and are now locked up at police headquarters.

Almant. Nov. 3.—Gov. Hill arrived at the
Executive Chamber a little after 8 o'clock to-

night from his home at Elmira. He brought with him the report that his own ward, the third, one of Elmira's strong Republican wards, had been carried for Flower by a plurality of twenty-four. The Governor thinks the city of Elmira will be carried for Flower by a small plurality. He also feels confident that the country districts will show a vote for Flower that will surprise New York and Brooklyn.

The early returns indicate that Flower will carry Albany county by a little over 2,100 Hill carried the county in 1888 by 2,893. Herrick, ex-Chairman of the Democratic ernor, who is a candidate for Justice of the Supreme Court in this Judicial district, is running nearly 1,500 behind his ticket in Albany

Thor, Nov. 3.-It is extremely difficult to base a comparison on the vote of Hill and Plower or Miller and Fassett, because of the change in the election districts. Where there were only one and two districts there are now five and six. Enough is known, however, at this hour to state that Flower and Sheehan have carried the county by a very handsome plurality, probably 2,000 or better. Collins is probably reflected Senator, as he has made extraordinary gains.

ELMIRA. Nov. 3.—The complete returns of Elmira city. Mr. Fassett's home, show a plu-rality for Flower of 504. In 1838 the city gave Hill a plurality of 659.

The Assembly is Democratic by 69 out of 12R the gain being made up the State, losses being sustained in New York and Brooklyn both. The Wicked Gibbs failed again to win. Ham. Fish and Whipple, rival aspirants for the Speakership, were both left at home. Enumeration, reapportionment, and a con-

stitutional convention may be expected from this Democratic Legislature. On joint ballot the Democrats have 83 votes out of 160.

WELL DONE, BROOKLYN.

Handsome Majorities All Around-Chapts Elected to Congress, One of the incidents of the day in Brooklyn was the challenging of Millionaire William Ziegler's vote by William H. Kaufman, the

Democratic captain in the Seventh district of the First ward. Mr. Ziegler is the man who declined the Republican nomination for Mayor. It is said Mr. Ziegler is a resident of New York, and that he

He appeared, however, bright and early at ling place, and swore in his vote after being challenged by the Democratic captain.

unbroken front and that no "sullen" feeling pervaded its ranks.

An analysis of the vote showed that the Republican managers had partially succeeded in their nurpose of gaining votes for Passett by nominating Mr. Meyer for Mayor.

The old Democratic strongholds came up with their accustomed majorities, while the only significant Republican gains were in the German districts.

Flower's plurality in the city is about 12,700. His plurality in the county will be a little less. SECOND CONGRESS DISTRICT.

The Vote in Long Island City.

Long Island City, Nov. 3.—The Democratic vote in Long Island City was badly split up. Downing for County Judge and McKenna for Assembly in the Second district, especially suffered on account of this split.

Downing ran bonind his ticket and undeabtedly is beaten. At midnight the returns were incomplete, but the indications were that Frederick W. Bischwenn, independent Republican candidate for City Trea-urer, had been redicted over Mayor Gleason's candidate, Krausseman.

Mayor Gleason supported the Democratic ticket throughout with the exception of McKenna for Assembly in the Second district.

James Norton (Dem.) has defeated Theren H. Burden (Rep.) in the county for Sheriff County Clerk John H. Sutphin (Dem.) has been rediccted in the county over George Wellow (Rep.) by a large majority.

The vote this year was much smaller on both sides than was expected, Flower's total being 145,625 and Fassett's 86,586. several districts it was evident that County Democrats voted for Fassett. SOLID OLD HUDSON.

The Democratic County Ticket In Hand-

The returns of the election in Hudson county came in slowly last night, but enough was known at midnight to leave no doubt of the result. The Democratic county ticket, which included Robert S. Hudspeth for State Senator, James H. O'Neil for Surrogate, August M. Bruggemann for Director at Large of the Board of Free holders, and John Faherty and Gustav A Beyer for Coroners, is elected. The majority for each of these candidates except Bruggemann will exceed 6,000 Bruggemann's majority will be about 2.000. Ten out of the eleven Democratic candidates for Assembly

cleven Democratic candidates for Assembly were elected.

The only Assembly candidate the Republicans saved out of the wreek is Herbert Potts in the Segond district, who has a majority of about 1,500. The other Assemblymen elected their probable pluralities are: First district. Thomas Magner, 300; Third district, James Turnilly, 400; Fourth district, Patrick H. Roturns from some of the country districts are still wanting, but the indications are that the Democrats will have 45 members of the House to 15 Republicans, and on joint ballot will have a majority of 30. Returns indicate election of all seven Democratic Senators. The election of Michael Perkins (Den, in Burlington is in doubt, and Emley, Republican Senator from Passaic, is probably defeated by 200. The rest are assuredly Democratic. Director Tiesler (Den.), Essex Board of Freeholders, is elected by 700 majority, 1,100 coming from Newark and being cut down by county vote.

A Light Vote in Newark

An unusually light vote was polled in Newark and Essex county, both parties showing considerable apathy. None of the majorities was large, and the result was exactly as anticipated by those who conducted the redistricting. Eight Democratic and three Republican Assemblymen were elected in the county. The Democratic candidate for Director at Large of the Board of Freeholders, Dr. E. M. Tiesler, was elected by a small majority, but he lod his ticket.

Richmond county complete gives Flower 1.604 plurality Sheehan runs slightly behind 1,604 plurality—Sheehan runs slightly behind the rest of the ticket. The entire Democratic county ticket was elected by pluralities rang-ing from 100 to 1,300.

Fanning, the Republican candidate for Sena-tor in the Fifth New York district, polled 3,493 against Brown's 3,018. Yettner's plurality for Assembly was 1,501. The vote cast was light.

AT MR. FLOWER'S HOME. L General Surprise to Both Sides-Votes

WATERTOWN, Nov. 3.-The vote in Jefferson county to-day was a surprise to everybody The most conservative estimates before electidal wave was brought on by hard work and thorough organization in the Democratic ranks. Unstinted use of money on both sides evidently made no difference with the general results. The politicians, claim that the vote would have been about the same if no money had been used.

Votes went as high as \$30 apiece here to-day It was expected that Sheehan would be

slaughtered by his own party. Vrooman's running 100 ahead of Fassott here, however, was due only to personal friends, who worked hard for him.
The voting, all things considered, was remarkably straight. Flower carrying the rest of the State ticket almost even with himself.
Democrats here are jubilant. Pandemonium reigns and the town is wild over the news that Flower is elegical.

Plower is elected.

Chairman D G. Griffin is receiving the congratulations of Mr. Flower's friends, and could not extricate himself from the howling moblongs enough to tell what he thought of the victory.

Mr. Flower will have a big reception when he returns to this city.

Gov. Hill Rather Likes It. ALBANY, Nov. 4 .- Gov. Hill said at I this

morning: "The result is extremely gratifying, and the more so because all of our big gains were either in the country or else in districts where there was alleged disaffection, such where there was alleged disaffection, such as Brooklyn and Eric counties. It is a vindication of the party and party principles. The stuffed tiger was not 'in it' in the country, as was evidenced by the increased Democratic vote. I am particularly gratified over the result in my own city of Elmira. The result also in the Sengte and Assembly districts is all we expected. THE ALLIANCE BURIED.

he Voting Strength of the Alliance Be-lieved to Mave Dwindled More Than Half In Nebraska-Defeated in Kunsas Also.

OMAHA, Nov. 3 .- Every indication to-night points to the fact that Nebraska's vote at today's election is the fullest for an off year in the State's history. One of the most remarkable features of the occasion is the complete oblivion into which the so-called Alliance is

The fight in the State was not between Republicans and Democrats, but between the Independents or Alliance and the Republicans. The Democratic party was not merged as many supposed in the Independent party. but rather voted with the Republicans. though it was fondly hoped by those who manipulated the withdrawal of the Democratic candidates a month ago that it would be different. A Supreme Judge and two Regents of the University were the only State officials to be elected. Reports from those districts in which the Alliance strength was developed in force at the last election show that the three Republican candidates were elected. It is only a question of majorities now.

This was the first time in which the Australian ballot system was tried in this State, and the claims are made vaguely that many did not correctly understand the system, but in Omaha. where there are many illiterate voters, the system was a success.

The only issues in Nebraska were those raised by the Alliance, chief of which was the money question as affected by the Sub-Treasury scheme. In view of the fact that last year there were 214,000 votes cast in the State, divided almost equally between the three par-ties, many believed that the Democratic support would be thrown in favor of the Allia thus giving the farmers the State by an

The Allianco vote is believed by conservative politicians, based on reports thus far received, to have dwindled more than half. This is attributed largely to the fact that the farming element was more satisfied than last year, owing to their enormous crops. Then, too, the extravagance of the last Legislature was against them. The Democrats refused to support Alliance

candidates in a spirit of retaliation because that party contested Gov. Boyd's election and thereby enabled the Republicans to secure possession of the seat. This was a bitter blow to the party's hopes, in view of the great effort The Republicans were not divided by fac-

tional fights. In Omaha the result is about even, the Republicans electing the Mayor George P. Bemis. ALLIANCE DEPEAT IN KANSAS.

KANSAS CITY, Nov. 3.-Despatches from vari-

ous counties in Kansas show that the Alliance did not hold its own at to-day's election. The returns are very slow in coming in, and only forty-seven counties of the 106 in the State have been heard from. These seventeen counties are scattered all

over the State and represent every political

phase. In only two of them have the Alliance made a clean sweep. Harper county always has been either Union Labor or Alliance, and Lynn was a strong Alliance county last year. The counties show almost invariably Republican victories or Republican gains. In the country the Republicans appear to have regained their foothold, while in cities the Al-

liance has made slight gains through the Otti-

sens' Alliance, but not enough to compensate them for their losses in the rural districts. In the judicial districts the returns at hand indicate that the Alliance has met wholesale defeat. The Republicans and Democrats combined against the Alliance candidate for Judges and voted for either the Republican or the Democratic nominee, whichever was the strongest man.

Funnett Went to the Polls Smiling

ELMIRA. Nov. 3.—A few minutes after 10 o'clock this morning Candidate Fassett walked from his house, 464 West Church street, to Avers's blacksmith shop on College avenue the polling place of the First district of the Sixth ward, and cast his ballot. He appeared shappy and smiling as though he was now dovernor of the State.

He seemed very confident of victory. To-day a wire from the Western Union office was run into his house, and as soon as returns began to come in he and a few friends took seats in the parlors and received and compared the returns as they came in. turns as they came in.

A Republican Victory in Nashua, N. M. NASHUA, N. H., Nov. 3.—At the municipal election in this city to-day the Republicans reflected the Mayor and a majority in the Council.

The Weather.

Cool and pleasant weather prevailed in this city yea-terday, and extended over the country east of the Mississippi Valley. West of that valley the weather was becoming unsettled. A storm was forming to the north of the Dakotas, and its indusnoe was being feit generally over the Northwest States and south to Mis-Springfield, and light rain was failing in the latter State at Springfield, and light rain was failing in the upper Missiasippi Valley, and heavy rains on the north Facility const over Oregon. It was becoming warmer in the central and Northwest States, but remained cool and generally below freezing in the country east of the Mississippi and north of Kentucky and Virginia, gaoest on the border of the middle Atlantic coast. Thereit was from 2° to 4° above freezing. The coldest place was Green Bay, Wis., 16° above zero. The high pressure and cool, fair weather abould last

over Thursday in the Atlantic States and then the un settled conditions now starting in the West pass cash-ward with slightly warmer weather. The highest official temperature in this city was 44°: lowest, 34°; average humidity, 55 per cent.; wind northwest, 10 miles an bour.
